For parents, academic advising to help you make timely and prudent decisions is always free of charge. There is no need to compromise. There is no need to settle for less than excellence. You have every right to assert your demand for high academic standards outside, as well as inside, the classroom. At Chyten Educational Services, higher grades and test scores occur every day. So call Chyten today and give your child the gift of educational excellence.

Cordially,

Neil R. Chyten  
Founder and President

# ABOUT CHYTEN

## WHO WE ARE

Chyten is a company of leading professional educators and administrators bound by a common commitment to educational excellence. Founded by Neil Chyten in 1984, Chyten provides a wide variety of excellent educational services to families across America.

We promote new possibilities by helping students raise test scores and grades. We build better futures by unlocking doors to success. Most important, we provide students with the skills and strategies they need to feel more confident inside and outside the classroom.

## WHAT WE DO

At the forefront of our impressive record of success is our philosophy that nothing less than the best is acceptable. We create our own strategies, write our own books and tailor our tutoring programs to meet the individual needs of each and every student.

## HOW WE DO IT

With the opportunity to teach comes responsibility. Students are our future and for us to sacrifice quality would be contrary to our founding tradition of educational excellence. That is why we do not hire college students or recent college graduates as instructors.

## WHY WE DO IT

**the nation's first premier level full service private education provider**

# Summer Tutoring

ALL GRADES. ALL SUBJECTS. ALL LEVELS.

Your child. Your time. Your tutor.

Your child is unique, with a unique learning style, unique gifts and unique challenges. Similarly, your family has important considerations to take into account when structuring a schedule. Chyten takes all these factors into account in creating customized one-on-one learning plans unique to each and every student. Your child. Your time. Your tutor. But convenience means little without quality. So Chyten will provide your child with its unequalled combination of nationally renowned strategies, curricula, workbooks and, of course, the nation's best tutors.

All courses are fully accredited. All AP courses are College Board audited and approved.

# Test Preparation Tutoring

BEST TEACHERS. BEST STRATEGIES. BEST RESULTS.

## **PSAT/SAT Preparation, featuring Mastering the SAT**

Chyten's heralded SAT Preparation Program features Chyten's proprietary publication, Mastering the SAT. As featured in the Boston Globe, Boston Business Journal and NPR, Chyten's students earn perfect SAT essay scores at 50 times the national average and enjoy an average test score increase of 274 points. Mastering the SAT contains Chyten's exclusive strategies and practice exercises and is available only to Chyten students. Chyten students regularly take actual conditions SAT tests that feature Magnostic™ diagnostic reports.

## **ACT Preparation, featuring Mastering the ACT**

Chyten has developed amazing ACT strategies that have enabled its students to earn score increases in the 4 – 7 point range – and more – on a regular basis. Chyten's ACT Preparation Program features Chyten's proprietary publication, Mastering the ACT. The result: Chyten's students are able to answer questions of all difficulty levels with an extremely high degree of confidence and accuracy.

## **ISEE/SSAT/HSPT/COOP, featuring Mastering the SSAT/ISEE**

With private school admissions more competitive than ever, your child needs Chyten's expert strategies and instruction to stay ahead of the curve. Chyten's master's degree tutors guide students through a series of strategies and skill-building exercises to increase confidence and capabilities in all aspects of private school and Catholic school entrance exams. From skill-building in math to vocabulary building and strategies for critical reading, sentence completions and analogies, Chyten's tutors provide a wealth of knowledge, assign and discuss practice tests and test questions and provide the support and guidance necessary to build student confidence, academic skills and test-taking techniques.

## **SAT Subject Tests, featuring Mastering the SAT Subject Tests**

These hour-long knowledge-based tests require the kind of expertise that Chyten's tutors provide. With content knowledge, test preparation experience and expert teaching skills, Chyten's tutors are the perfect guide for students who have a major stake in achieving high scores on these college entrance exams.

# Summer Boot Camps\*

## INTENSIVE WEEK-LONG PROGRAMS

### PSAT/SAT Boot Camp

Chyten's PSAT/SAT Boot Camps are convenient, one-week intensive SAT/PSAT preparation courses offered in the summer that allow students to focus their test prep over a short period of time. Chyten students average real PSAT to SAT gains of 274 points! Each day of our five-day boot camps runs from 9:00 AM to 4:00 PM with a one-hour midday break. Students benefit from Chyten's ground-breaking strategies and abundant practice materials during the week, then end with an "actual conditions" practice test.

### PLAN/ACT Boot Camp

For many students, the ACT is a better fit than the SAT. Though few preparation programs focus on the strategic side of ACT test-taking, Chyten, with its impressive pedigree in academic and study skills, blends reading and learning skills with proprietary strategies to give students all the tools they need to master the ACT. Most Chyten ACT students experience gains in the 4–7 point range, with many exceeding that level. Along with its many strategies, Chyten teaches advanced reading techniques that positively impact ACT Reading, English and Science sections. For ACT Math, Chyten students get nearly 300 pages of strategies and practice questions to help them master all types and levels of math questions, from simple to advanced. Courses are offered at our Chyten Education Centers from 9:00 AM – 4:00 PM with a one-hour midday break. Learn Chyten's ground-breaking strategies during the week, then end with an "actual conditions" practice test.

### RANDD™ Reading and Study Skills Boot Camp

Level One: Middle School Students

Level Two: High School Students

For students who need better reading and study skills, Chyten's RANDD Reading and Study Skills Boot Camp is the answer. In this five-day, fifteen hour program, students learn to read faster and more effectively, to write effective papers and reports, to become better test takers, to increase comprehension in textbook chapters, novels, history books and other texts, to take efficient classroom notes with built in review, to better manage their time and so much more. Do you know why students should never use a highlighter? RANDD students do! The RANDD Reading and Study Skills Boot Camp is a ticket to academic success. Its impact is felt from day one as students learn a whole new style of reading called Mid-Range Reading. Note: this is not speed reading nor is this a speed reading course! For pre-learning, remediation and advanced performance, RANDD stands alone in its ability to help students reach and exceed academic expectations.

# Start Here with Chyten's State-of-the-Art Magnostic™ Diagnostic

- Chyten's ACT vs. SAT Comparison Test
- "Actual Conditions" ACT Tests
- "Actual Conditions" SAT Tests

The Magnostic report goes far beyond where other diagnostics leave off. Not only does it diagnose learning gaps, but it also identifies dangerous test-taking tendencies that can then be remediated with targeted tutoring. The Magnostic does all these things – and more. After a student completes one of the tests listed above, parents are invited to our center to receive a free personalized analysis that includes a detailed report of strengths, weaknesses and test-taking tendencies. No other diagnostic in the country provides this level of clarity and detail.
